TECHNICAL SKILLS

Web Languages and Technologies

- HTML | CSS | JavaScript
- Bootstrap | Tailwind CSS
- Laravel | React

Design Principals

- MVC

Database

- MySQL

Tools and Technologies

- Figma | Canva |
- PhpStorm | Visual Studio | Android Studio
- MS Office Package

Interested Areas

- UI/UX Designer | QA - Manual
- Front-end Developer

ABOUT ME

I am a self-motivated and quick learner with a passion for web development. I gained experience in designing, developing, and deploying web applications. My strong work ethic and ability to rapidly master new tasks have enabled me to excel in dynamic environments. I am eager to leverage my technical expertise, problem-solving skills, and collaborative spirit to contribute effectively to innovative projects and teams.

WORK EXPERIENCE

(2024 - July
Present)

Junior Software Engineer CodeXpress Technologies

- Developed, and maintained POS systems using Laravel, Bootstrap, PHP, HTML, CSS, Tailwind CSS and JavaScript.
- Design UI using Figma (Beginner Level)

At Keen Rabbits (Pvt) Ltd.

Here are the projects I have been involved with at Keen Rabbits (Pvt) Ltd. and used technologies for those projects.

Community Website

This project is especially for tailored for the Tamil people residing in the Northern Province of Sri Lanka using the Laravel framework. I created the frontend structure using the template they provided.

Jump on Travels (<https://jumpontravels.com/>)

The site is designed using the Laravel framework. Initially, I studied travel destinations in Sri Lanka and then used the provided template to create the Jump on Travels website, incorporating high-quality images to enhance the user experience.

Jump on Travels – Admin Panel

Used the provided template to create the Jump on Travels Admin Panel.

LG Constructions (<https://lassanagedara.com/>)

The site is designed using the Laravel framework. Used the provided template to create the Lassana Gedara Construction website, incorporating high-quality images to enhance the user experience.

OT Clinic Website and Admin Panel (<https://myapp.otmaldives.com/>)

OT Clinic is a dedicated website for a premier occupational therapy clinic, designed to provide patients with easy access to high-quality therapeutic services and resources. The site is developed using the Laravel framework. Utilizing the provided template, I created the website and contributed to developing key admin panel features, such as attendance marking and QR code scanning functionalities.

Perk Will Holding (Pvt) Ltd. (<https://pw.keenrabbits.biz/>)

The site is developed using the Laravel framework. Utilizing the provided template, I participated in designing the website, selected high-quality images, and guided the interns in creating the website.

PERSONAL DETAILS

Nationality : Sri Lankan
